Dogs in Wisconsin need your help NOW!

The puppy mill industry is growing in Wisconsin because dog breeding is not regulated under current law. You can help stop the abuse and neglect of "man's best friend" in substandard puppy mills in Wisconsin.

A new bill, launched on April 8, 2009 by Representative Jeff Smith and Senator Pat Kreitlow would provide for licensing and inspection of breeders and sellers and help to protect dogs by setting standards for their care.

What can you do?

Please contact your Wisconsin State legislators **TODAY** and ask them to Co-Sponsor the Commercial Dog Breeders Licensure Bill LRB 2448/2

Contact information for the legislators can be found at:
<http://www.legis.state.wi.us/> Click on "**Who Represents Me?**" in the middle of the page.

Requests for co-sponsorship should be made before April 21st so please act now!
